

POLICY AND PROTOCOL ON RECORDING, PHOTOGRAPHY AND USE OF SOCIAL MEDIA AT MEETINGS OF MARLBOROUGH TOWN COUNCIL

1 POLICY STATEMENT

- 1.1 Marlborough Town Council is committed to being open and transparent in the way it carries out its business whenever possible. It will look to provide reasonable facilities to anyone who wishes to do so, to record meetings of the Council and its committees that are open to the public. Anyone can therefore film, audio-record, take photographs and use social media to report the meeting when it is open to the public.
- 1.2 The Council does, however, expect that anyone filming, audio-recording, taking photographs and using social media will do so in a way that does not disrupt the meeting or does not involve filming those members of the public who have actively objected to being filmed. The use of flash photography is not permitted due to it being likely to become a distraction and nuisance.
- 1.3 As oral reporting or commentary on a meeting as it takes place by anyone who is present at the meeting would be disruptive the Council does not allow this. However, anyone can provide an oral report or commentary outside or after the meeting.

2 PROTOCOL

- 2.1 The purpose of this protocol is to provide guidance, particularly, for members of the press and the public on the filming, taking of photographs and the audio recording of any Council meeting which is held in public.
- 2.2 The protocol also refers to the use of social media at meetings and makes clear that there are no restrictions placed on anyone at the meeting using Twitter, blogs, Facebook or similar social media provided that the Chairman does not consider their actions are disrupting the meeting.
- 2.3 The Council will not vet those who want to film, audio-record, take photographs or use social media to report the meeting. It would help the Town Council, however, in providing reasonable facilities for anyone wanting to film, audio-record, take photographs or use social media to report the meeting, if they were to notify the Town Clerk of their intention not later than 24 hours before the meeting.
- 2.4 Irrespective of whether the Town Clerk has been notified, anyone wanting to film, audio-record, take photographs or use social media to report the meeting should, on arrival at that meeting, inform the Clerk.
- 2.5 The Clerk will then tell the person what facilities the Council can make available for them to use. This will usually mean that they are provided with

space to view and hear the meeting, a seat and possibly a desk, although the latter cannot be guaranteed due to the size of the Council Chamber.

- 2.6 If a request has been received to take photographs or to audio or visually record a particular meeting, notices to this effect will be prominently displayed advising members of the public that other members of the public and/or the press may be recording the meeting and if they do not wish to be filmed or be photographed then they should inform the Clerk before the meeting begins. Failure to register an objection before the meeting begins will be taken to indicate their consent to being filmed or photographed. The Clerk will advise those wanting to film or take photographs of the objection.
- 2.7 In accordance with the Council's Standing Orders, paragraph 2, the Chairman may require anyone who is filming, taking photographs, audio-recording or using social media to record the meeting to leave the meeting if their activities are disruptive. Examples of acts or activities that are likely to disrupt a meeting include:
- a. moving to areas outside the areas designated for the public without the consent of the Chairman;
 - b. excessive noise in recording or setting up or re-siting equipment during the debate/discussion;
 - c. intrusive lighting or use of flash photography;
 - d. asking for people to repeat statements for the purposes of recording;
 - e. filming or taking photographs of members of the public who have actively objected to being filmed or photographed.
