**Speed Indicator Device (SID)**

**Summary** - To note an update on the deployment of the Town Council SID

**Background**

At a meeting of the Planning Committee on 7<sup>th</sup> May 2019, members noted a report by the Assistant Town Clerk about the installation of the recently purchased SID for the parish of Marlborough.

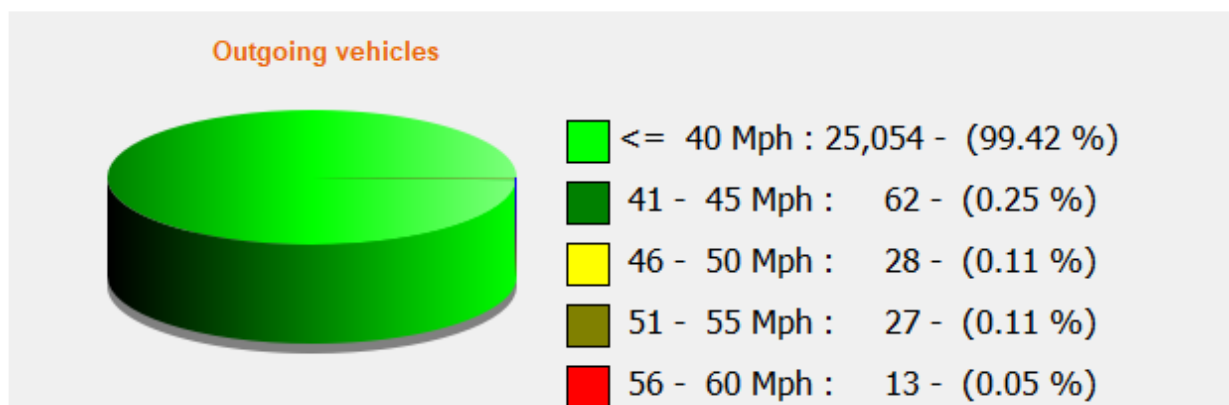

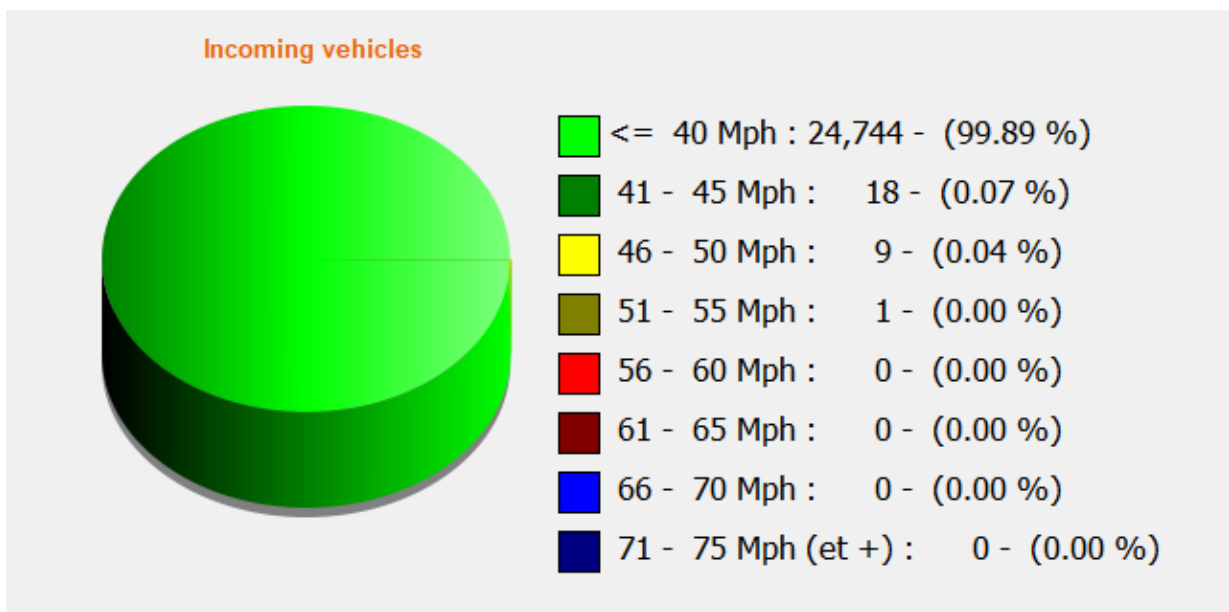

**Current Situation**

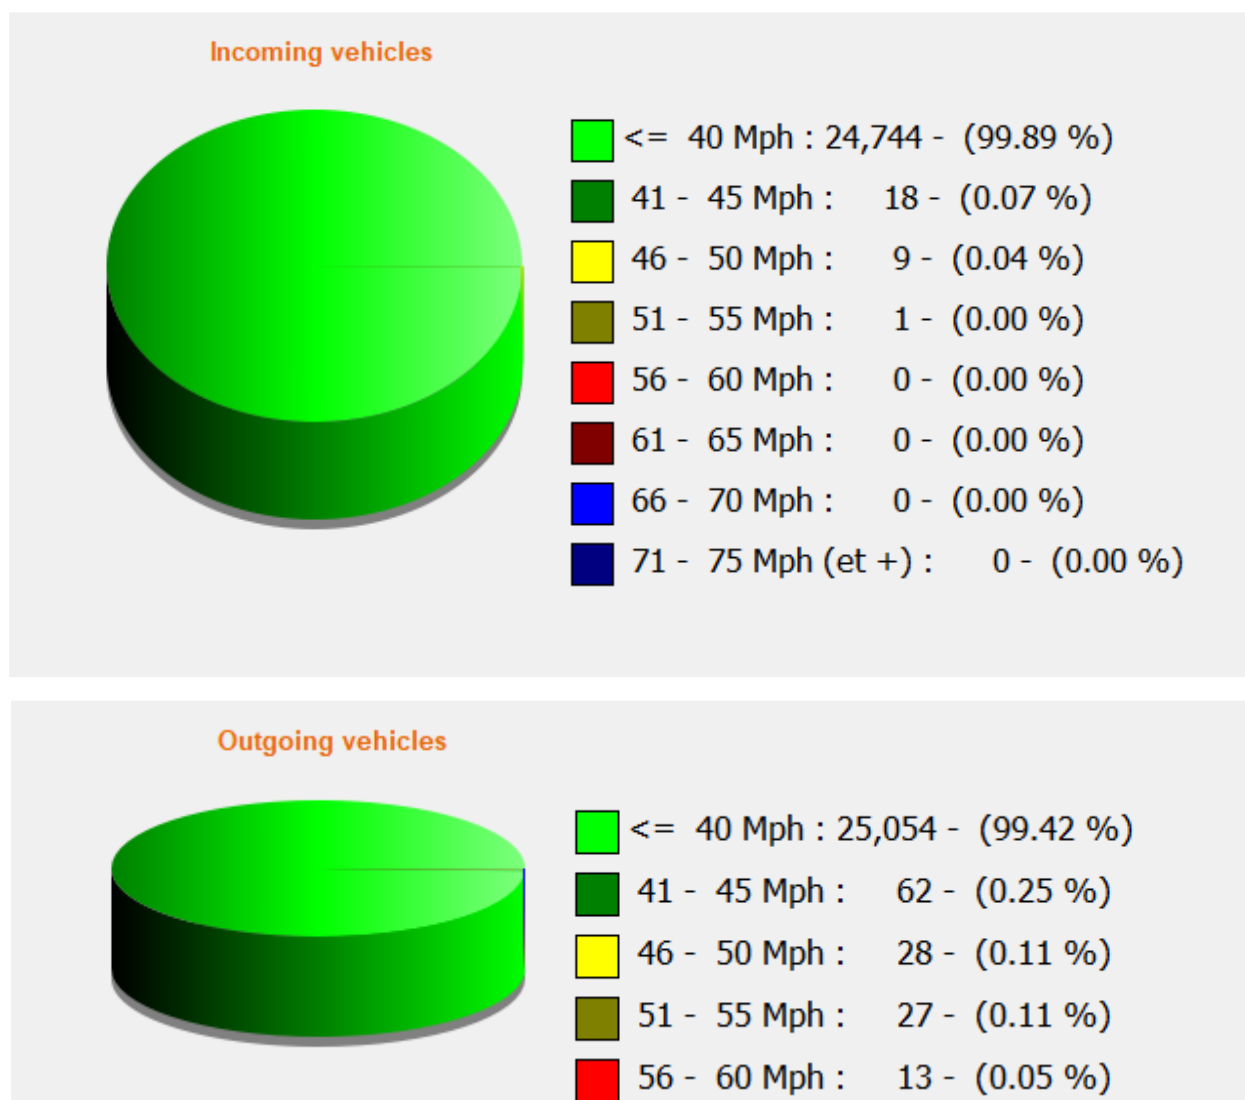

Unfortunately, the SID did not get off to a good start. The groundsmen noticed a fault during the first installation in May, which required the SID and its batteries to be returned and checked by the manufacturer before being returned to us.

The SID was however deployed in George Lane from 22<sup>nd</sup> May – 28<sup>th</sup> May and then again from 26<sup>th</sup> July until 8<sup>th</sup> August.

The following statistics were obtained, downloaded and will be retained for future use:

**22<sup>nd</sup> - 28<sup>th</sup> May 2019**

26<sup>th</sup> July – 8<sup>th</sup> August 2019

The SID has since been moved and is now deployed in Bath Road on approach to the College.

### Recommendation

Members are requested to note this report and await further traffic statistics from future locations.
