Emergency Planning

Summary – This report asks Members to consider any further amendments to the plan for agreed precautionary measures to deal with the outbreak of Coronavirus COVID-19 in terms of the running of the Town Council

1. Background

In accordance with Standing Order 3.2 (handling of Urgent Matters), the Town Mayor, Deputy Mayor, Chairs and Vice Chairs of relevant committees cleared a plan of precautionary measures for dealing with the outbreak of COVID-19 in terms of the running of the Town Council. This is at **Appendix 1**.

At the time of writing this report (Wednesday, 11 March), news has been released that the World Health Organisation (WHO) has issued a statement confirming that the coronavirus outbreak is now a pandemic. Local authorities are now awaiting a steer from Public Health England on further precautionary measures (moving from the containment to delay stage).

Our own Emergency Plan deals with the wider measures around health emergencies (at Section 5) and is based on liaison with Wiltshire Council and we still await details of what joint actions we can expect. Cllrs all have a copy of the most recent version of this.

It is expected that the Emergency Working Party will meet to discuss what actions will need to be taken should Wiltshire Council ask for town and parish council participation. A verbal update will be given at the meeting.

Town Clerk's Recommendation

The Town Clerk recommends that Members consider what changes need to be made to existing measures in the plan at Appendix 1.
