

Marlborough Town Centre Vision and Development Plan - June 2025 Consultation.
1 mile Town Centre suggested Walking Loop

Please note: You are responsible for your own safety when on the walking loop. Roads should be crossed at safe points. In the High Street, the route suggests crossing at points where there are central refuge islands with parking metres, as the safest point.

We would like to get your opinions on what is already working well, and what you would like to see improved in the Town Centre (area indicated by the red line).

Get out and about and record your observations at safe points along this suggested route shown by the dotted line. Use this map to follow the suggested route, or walk your own route.
